

Scholarship season is upon us! Get organized!

Many thanks to the hundreds of students who visited our booth at the Williamson County Schools and Metro Nashville Public Schools college fairs in September. We really enjoyed talking about our business scholarship and our new STEM scholarships.

It's very clear that the students we met are filled both with excitement...and with angst! Between now and the first of the year, seniors have many deadlines to manage, including scholarships, applications, and taking admissions tests. It's all important, so the best advice we can offer is to take a little time to get organized. Remember, school college counselors are there to help, so it's important to make use of that assistance. Additional tools, checklists, and excellent advice are available at [My Big Future, by The College Board](#) and on the [foundation resources](#) page. Take a deep breath students and good luck!

Our new STEM Scholarship

Accepting applications through December 15

Since 2006, the Foundation has awarded more than **\$3.8M** in college scholarships to middle Tennessee students. While current scholarship holders are pursuing business or business-related degrees at colleges and universities throughout the United States, the fall of 2015 marks the addition of a new scholarship for STEM majors (Science, Technology, Engineering, and Math).

UBS and TCASN announce powerful new tool

UBS NextGen Leaders, UBS's signature education initiative, in partnership with The Tennessee College Access and Success Network and Discovery Education, are building The TalentED Project. This technology portal will create connections between college access professionals and college admissions recruiters, and these connections will be leveraged to link high-potential, lower-income, first-generation college-goers with institutions that are a good fit for them. The resulting technology resource will be FREE to all users! [Register here](#) for a webinar to learn more.
